

Tan brick stacks

Two stacks per page | Each finishes 1 1/3 in square x 5/6 in tall

APPROX. 1:36 | US LETTER | PRINT AT ACTUAL SIZE / 100%

———— CUT - - - - - SCORE + FOLD

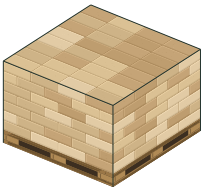

CUT OUT THE TWO COMPLETE NETS BELOW

BUILD A BRICK STACK

- 1. Score the blue dashed folds with a blunt tool, then cut the solid outline.
- 2. Place the printed top face down and fold the four walls upward.
- 3. Glue the four corner tabs inside the neighboring walls.
- 4. Fold the bottom tabs inside; glue the UNDERSIDE panel closed last.

Try plain paper first. Use medium cardstock for the finished scenery.
